

CHESS IN AMSTERDAM

On 8th May the Rag was represented in a chess tournament in Amsterdam against the Royal Industrieele Groote Club. The visiting team was composed of members of the Cercle de l'Union Interalliée from Paris, supplemented by members of various London clubs, including the RAG. The match resulted in a draw (11-11), and was followed by a dinner to which all players and partners were kindly invited. Return matches in Paris and London are to be arranged next year. It is anticipated that the Rag chess team will participate in other international events with teams from Paris, Madrid and Turin.
